

FUTURE DIRECTIONS IN STEEL CASTINGS

Help steer innovation and success in Steel Casting!

- Role of Inclusions on Fracture Toughness
- Effects of Nitrogen on Melt Quality
- Lost Foam Casting of Stainless Steel
- Silica Sand Alternative Media for Green Sand Steel Casting
- Carbon Steel Grain Refinement
- Grain Refinement of Austenitic Steel
- Metalcasting Economic Forecast
- Alloy Database Expansion
- Effect of Filling Conditions on Steel Casting Quality
- AFS Information Resources for Steel Casting
- Recruiting the Next Generation of Steel Foundry Personnel
- Metal Laboratory and Inspection Services Compliance

Join the AFS Steel Division by e-mailing George W. Curry, Jr. at gcurry@afsinc.org.
